BOURBON GROWERS READ.

PARIS, KY., Nov. 19, 1917.
TO THE TOBACCO GROWERS:
We will hold our opening sale on Tuesday, Dec. 4, 1917, at 9 a. m. We urge that you be present and post yourself on prices. We confidently expect to see the highest prices ever heard of to be realized for this crop. We have consistently predicted high prices since the closing of last year's market and have at all times urged the farmers to hold their tobacco and get the benefit themselves. Many have thought we were merely talking in the interest of the warehouse business and in order to show our faith by our works we have departed from our usual custom and made a purchase of tobacco at prices ranging from 24 to 35 cents per pound.
As a further justification of our prediction, we ask a careful reading of the market reports below, taken from Southern Tobacco Journal of November 10, 1917:

OFFICE OF SOUTHERN TOBACCO JOURNAL.

Winston-Salem, N. C. Nov. 6, 1917.
The local market sold about one million seven hundred thousand pounds last week, at an average of around 35 cents. More common and medium stuff is showing up on the breaks, but the average prices increased instead of decreased. The total sales up to the first of this month amounted to 15,125,547 lbs., which averaged 32.07. October sales amounted to 9,095,734, which averaged 34.15. The market has sold up to date about 16,000,000 pounds.
Up to the end of October, 1916, the market had sold only 8,758,699 pounds, the average being only \$17.04 a hundred pounds, just a little more than half of the average at the present time. Total sales to Christmas of last year were less than 50,000 pounds more than has been sold to date this year.

CONSTANT RISE AT DANVILLE.

Danville, Va., Nov. 2, 1917.
The farmers continue to bring their tobacco to market as rapidly as the weather permits them to strip, and the sales have been large enough to occupy the buyers the major portion of each day.
The quality of the offerings for the week appears to be not of such high standard as usual, but the price, nevertheless, shows, an increased average over the former week. Every week since the season opened in August shows a marked increase in the average price over the previous week's average.
The sales for the month of October were 9,358,269 pounds, at an average of \$32.60, an increase of \$6.59 over the average of the two previous months. The 15,566,756 pounds sold to November 1 has averaged \$32.60. The 1916 crop for the corresponding period averaged \$16.65, and for the 1915 crop, \$8.78.

DIBERELL BROS., Inc.

ROCKY MOUNT'S FINE SHOWING.

Rock Mount, N. C. Nov. 2, 1917.
Receipts of leaf tobacco have been rather light this week, amounting to about 900,000 pounds, at an average of \$33.89, bringing the total for the season to 15,750,000 at an average of \$28.44.
The offerings as a whole have shown some improvement, there being a greater proportion of the better grades of leaf and cutters, and less of the common, nondescript tobaccos. On the other hand, wrappers have been scarce in the offerings.
Prices have advanced during the week and the market closed Friday strong and active on all grades.
Following is a comparative report of sales on the Rocky Mount tobacco market:
Sales for October, 1917—6,158,824 lbs.; average \$31.26.
Sales for October, 1916—3,737,138 lbs.; average \$20.59.
Gain this season—2,421,686 lbs.; average \$10.67.
Sales for season to date 1917—15,329,101 lbs.; average \$28.46.
Sales for season to date 1916—10,491,138 lbs.; average \$19.22.
Gain this season—4,837,963 lbs.; average \$9.23.
E. W. SMITH, Sec.

SOUTH BOSTON'S BIG REPORT

South Boston, Va., Oct. 31, 1917.
Below is a summary of sales of leaf tobacco made on the South Boston market for the month of October, 1917, together with total sales to date and comparative figures for same period last season:
Sold in October, 1917—5,961,156 lbs.; \$32.21 average; \$1,919,335.56 amount.
Sold in October, 1916—4,798,132 lbs.; \$16.30 average; \$781,959.31 amount.
Gain this year—1,163,024 lbs.; \$15.91 average; \$1,137,976.25 amount.
Total to date, 1917—9,617,911 lbs.; \$29.75 average; \$2,861,088.51 amount.
Total to date, 1916—6,099,128 lbs.; \$16.08 average; \$980,936.10 amount.
Gain for this year—3,518,783 lbs.; \$13.67 average; \$1,880,152.41 amount.
Sales for the past month were the heaviest in the history of the market, with the single exception of the month of October, 1913. The crop is fully half sold and if the present rate is kept up, will be practically ninety per cent sold by the first of the year. Since the opening of the market prices have steadily gone up and present prices are higher than

Y. M. C. A. ARMY WAR WORK DRIVE SUCCESSFUL

With a full and complete report turned in by all the working teams engaged in the Y. M. C. A. army campaign, Bourbon county has "gone over the top" and exceeded the allotment of \$7,500.
The team captains were busy last night at the Y. M. C. A. building in tabulating the returns, and the prediction was confidently made that Bourbon county would show \$9,000 or more when the official result was reported.
All the members of the teams worked long and hard to make the campaign a success.

THANKSGIVING DANCE

Mr. Ireland "Bit" Davis is promoter of a big Thanksgiving Dance, which will be given in the Masonic Temple, in Paris, on Wednesday evening, November 28. The hours will be from nine to three. Subscription, \$1.00. Music for the occasion will be furnished by Garrett's Saxophone Orchestra. This will be the first dance given in Paris since the summer season, and the only one until Christmas.

at any time hitherto this season. Heavy sales are expected for the coming month.

JOHN D. EVANS,
Secretary, South Boston Tobacco Board of Trade.

ROXBORO'S SPLENDID RECORD.

Roxboro, N. C., Nov. 3, 1917.
The report of the supervisor of sales of the Roxboro tobacco market shows that during the month of October, 1917, the market sold 1,933,342 pounds for \$665,365.25, making an average of \$34.40.
During the months of September and October, 1917, the market sold 3,251,001 pounds for \$1,021,700.98, averaging \$31.43.
During the months of September and October, 1916, the market sold 2,408,518 pounds for \$458,307.36, making an average of \$19.03, showing a gain for September and October, 1917, over the same period of 1916 of 842,483 pounds, \$573,393.62, and gain in average \$12.40.
The sales are showing good color, and prices are good. About two-thirds of crop is sold in this section.
W. T. PASS, Secy.

RISE AT RICHMOND.

There seems to be no end to the leaf-tobacco boom. On all the Virginia and North Carolina markets the prices are still rising, and such averages as were made in the month of October were never before heard of, and yet the sales for the first two days of November show continued increases on all grades offered, says the Richmond Times-Dispatch.
The deliveries in Richmond last week amounted to 750,000 pounds, and the average paid for the week was about \$34.50. A break at Shockoe Warehouse on Friday of 125,000 pounds made a round average of \$35 per 100. The breaks were made up almost entirely of sun-dried tobaccos, there being less than 5,000 pounds of primings offered. On Friday the offerings were unusually large, and sales lasted until 4:30 o'clock in the afternoon.
The cool spell that came along last week will probably curtail the offerings somewhat this week, but the warehousemen look for large deliveries, nevertheless.
The total sales for the month of October were 803,810 pounds, which made the remarkable average of \$32.31. Sales for the same month of last year were 264,450 pounds, average \$12.03. Increase this year over October of last year, 539,360. Increase in average paid, \$20.28.

To sum up the reports above we find that the Winston-Salem market during October, 1916, sold 8,758,699 lbs. of tobacco for an average of \$17.04. October sales this year on same market were 9,095,734 lbs. for an average of \$34.15, or little more than twice last season's average.

We find Danville, Va., market during 1916 averaged \$12.65. The 1917 market has averaged to date, \$32.60, a gain over last season of \$15.95 per hundred.

We find further that the South Boston, Va., market during October, 1916, averaged \$16.30 per hundred. During October, 1917, the average was \$32.21, a net gain over last year of \$15.91 per hundred; and finally we find that during October, 1916, the Richmond, Va., market averaged \$12.03. Same period this season the average is \$32.31, a gain per hundred of \$20.28.

You will note further that none of these markets last season came up to the average of \$18.43 made up by this house on the Paris market.

And finally if Winston-Salem and this season averaged \$17.04, and this year \$34.15; if Danville, Va., last year \$12.65 and this year \$32.60; if South Boston last year averaged \$16.30 and this year \$32.21; and if Richmond, Va., last year averaged \$12.03, and this year \$32.31, have we who had an average last season of \$18.43 not a right to expect our predictions of higher prices to come true?

We give you this information hoping you will profit thereby and that you will market your crop with us at the proper time.

And remember we are selling at the same old rate of 2% commission and 15 cents per hundred.

Very truly yours,
BOURBON TOBACCO WAREHOUSE COMPANY.
By JNO. T. COLLINS.

REAL ESTATE DEALS.

Mr. Richard Doane sold to Boardman Bros., the Oldson farm near North Middletown, containing 100 acres, for about \$100 per acre. Another farm in the same neighborhood changed ownership when Mr. David Pence sold his farm on the Prescott pike, near North Middletown, to a Montgomery county purchaser, for \$125 per acre.

Mr. R. H. Herrington, of Paris, purchased through the Paris Realty Company 219 acres of land located three miles east of Bloomfield, in Nelson county, for \$22,000. Mr. Herrington bought the farm as an investment.

Mr. and Mrs. N. A. Moore yesterday sold their handsome brick cottage on Pleasant street, to Mrs. Mollie Rice, of North Middletown, for \$8,000. Mrs. Rice will move to the home on January 1. The Moore home is one of the most desirable pieces of residence property in Paris. Mrs. Rice has disposed of her property in North Middletown. A nicely improved farm consisting of 120 acres, located on the Walnut Hill pike, eight miles from Lexington, was purchased Saturday by Mr. N. P. Rice, of Bourbon county, from the Chestnut Bros., of Lexington. The price paid was not made public. Mr. Rice will take possession of his purchase on March 1st.

SMALL POX DEVELOPED.

A case of small pox, the victim being a daughter of Mr. and Mrs. Charles Fisher, residing on the Hill pike, near Jacksonville, has been reported to the Bourbon county health authorities. Mr. Fisher resides in the extreme western portion of the county. The daughter, who resides in an adjoining county, came on a visit to her father's family, and was taken ill a few days ago.

The health authorities immediately had the home quarantined, all the members of the family vaccinated and all proper precautions taken to prevent a spread of the disease.

ALL HANDS BUSY.

Work hands in Paris and Bourbon county were never so busy as now, and it is almost impossible to find an ideal man. The farmers are using all the men they can get and crying for more, while there is work for all in the city. Good wages prevail, and there is no excuse for a "hard times" cry.

BOYS' OVERCOATS AND SUITS

Our line, made of Sampeck, is recognized as the highest grade of boys' clothing in style, in fit and in workmanship—\$7.50 to \$12.50.

BOURBON CIRCUIT COURT.

Upon reconvening Friday morning the Court took up the case of P. L. Briggs against the Louisville & Nashville Railroad Company, in which Briggs sought to recover \$25,000 for damages alleged to have been sustained while in the defendant company's employ in Paris, while helping to unload a freight car at the Third street station of the L. & N. in Paris in November, 1916. Briggs was injured when a switch engine bumped into the car. He claimed negligence on the part of the engineer and train crew.

The case for the plaintiff was presented by Attorneys R. C. Talbott, Robt. B. Franklin and Wade H. Whiteley, while Attorney Emmett M. Dickson, represented the L. & N. The jury came in yesterday with a verdict of \$10,000 for Briggs.

The grand jury, which had been in session since Monday, concluded its labors Friday, reporting to the Court a total of twenty-six indictments for various infractions of the laws. Four of the members, acting as a special committee, visited the County Infirmary near Riddles Mills and made a thorough inspection. They reported the institution as having been capably and satisfactorily managed. The committee suggested a number of needed improvements, notably a central heating plant, which would be an economical move and be safer and more comfortable for the inmates.

They also recommended an increased production of food stuffs in the garden. After leaving the Infirmary the committee inspected the county jail, pronouncing it in good condition, much more so, than for years. The report was received and filed, and the members of the grand jury discharged from further service.

In the case of Chas. S. Brent & Bro. vs. the Western Union Telegraph Co., the jury yesterday returned a verdict in favor of the plaintiff for \$592.71. Brent & Bro. sued the telegraph company for damages resulting from a misspelled word in a message.

No cases have been assigned for trial to-day, but on Wednesday twelve Commonwealth cases will be called for trial.

THIEVES SLAUGHTER HOGS: LEAVE HEADS AND HIDES.

Those were discriminating thieves who visited the Clarence Lebus farm near Riddles Mills, Saturday night. In fact, they were too discriminating, and as a result of their visit fifteen fine fat hogs were slaughtered. The thieves left the heads and hides and carried away the rest. It is inconceivable that any one should be willing to forego "hog jowl" in these troublous times when the Food Commission is "conserving" everything.

ANNUAL MEETING OF EDUCATIONAL ASSOCIATION

The second annual meeting of the Eastern Kentucky Educational Association will be held at the Woodland Park Auditorium, in Lexington, on Nov. 30 and Dec. 1. The program to be presented is an unusually strong one, and the date, during the Thanksgiving holidays, will give every Bourbon county teacher a chance to attend, and not lose any time. A special holiday rate of one fare plus 25 cents on the certificate plan, has been assured by the railroads.

The meeting will be opened with the invocation by Rev. I. J. Spencer, of Lexington. The president's address will be delivered by Miss Ora L. Addams, of Harrodsburg, and the welcome address by M. M. Cassidy, Supt. of Lexington Public Schools. Five minute responses will be made by prominent educators. Among the noted speakers who will be heard are Dr. Frank McVey, president of the State University, Lexington; Dr. William Arch McKeever, Department of Child Welfare, of the University of Kansas; Mrs. Frances G. Richards, of Oxford University, Oxford, Ohio, and Dr. Wm. Lowe Bryan, president of the University of Indiana.

Miss Mabel Robbins, County Superintendent of Schools, requests all Bourbon county teachers who will attend, to ask the local ticket agent for a certificate when they purchase their ticket, and to file the certificate with the secretary of the meeting, at the registration headquarters in the Phoenix Hotel Block, for their badges. No one will be admitted without a badge.

PARIS BOWLING LEAGUE.

Ah, boys, it was an awful slaughter, referring, of course, to the game at the local alleys last Wednesday between the Bourbon Laundry and R. P. Walsh teams. The Laundry team put 'em over the top to the tune of a 512 pin majority. The official publicity agent of the League who is a member of the losing team, was unable to furnish THE NEWS with the scores in time for Friday's issue, but they are given in this issue. Clarke made the high score, 190, for the Laundry team, with Shankland close second with 185 and Funk with 180. For the Walsh team Thomas rolled high score, 190, and 156, with his closest competitor, Jackson, rolling 153. The scores ranged low on both teams, but the superior work of the Laundry team put the score finally in their favor. The score follows:

OREGON COW HAS TWINS BORN OVER MONTH APART.

From the vicinity of Scotts Mill, Oregon, comes a story indicating that the days of miraculous events are yet in evidence.
Harvey C. Hartman, born and reared in that section of the country, noted for its verisimilitude, claims to have a 3-year-old Jersey cow which gave birth to a Jersey heifer calf on Sept. 22 last. On Oct. 23, just one month and one day later, the animal gave birth to a Hereford bull calf. Both are living and in a healthy condition. Mr. Hartman is as proud of the cow as the animal is over the belated twin.

CAUGHT WITH THE "GOODS ON THEM."

A valuable automobile robe and a pair of blankets stolen from Mr. John M. Stuart's auto in front of the opera house one night last week, were recovered through the efforts of Patrolman Thos. Mynes and restored to the owner.

Upon coming out of the theatre Mr. Stuart missed the robes, and reported his loss to Patrolman Mynes. Suspicion fell upon two young men and a visit was made to their rooms. They were found asleep under the stolen goods. Mr. Stuart refused to prosecute, being satisfied to recover his robe and blankets. The young men's names were not revealed.

RECITAL BY MISS FISHER AT ANTIOCH CHURCH.

Miss Olive Fisher, formerly a member of the faculty at the Millersburg College, and now connected with the Lexington College of Music, will give a recital at the Antioch church, near Hutchison, tomorrow (Wednesday) night, at 7:30 o'clock. Miss Fisher, who is an accomplished reader and elocutionist, will be assisted by Miss Lucy Jones, soprano. The program of readings and vocal selections will make an enjoyable evening. A small admission sum will be charged.

GOOD TOBACCO SALES AT GOOD PRICES.

The good prices being realized by tobacco growers throughout this section have served to hearten them in these strenuous times and to make confidence stronger in the local market when the season opens. Among recent sales were the following:

A crop of 30,000 pounds, raised by Toohy & Hamilton, for Mr. C. E. Cleveland, on his farm on the Georgetown pike, near Paris, was sold by him to Mr. D. G. Taylor, of Paris, for twenty-eight cents per pound, all around, to be loaded on the wagons at the barn. The crop was raised on sixteen acres and will bring Mr. Cleveland about \$9,000.

Mr. Dan W. Peed, of Paris, purchased 9,000 pounds of tobacco from Isaac N. Keller and son, Mr. Edward Keller, of Kiserston, at thirty-two cents per pound. The crop, which was raised on six acres, brought \$480 an acre.

Record prices are being paid for tobacco in Nicholas county. Bart Wilson, a farmer residing near Moorefield, sold a crop from about one acre of ground to A. S. Kimbrough at \$45 a hundred. The crop is estimated at 1,200 pounds. Horbart Sanderson sold one-fourth interest in a crop grown on four acres of ground, near Moorefield, to W. G. P. Ledford for \$37 a hundred. Thos. C. Ashbury and W. W. Scott purchased a crop of tobacco from J. T. Duncan, near East Union, at \$35 a hundred.

A new world's record was established last week when Wm. Howk, of Harrison county, sold his crop of 8,000 pounds of tobacco to Clarence Lebus, of the Burley Tobacco Society, at Lexington, for \$40 per hundred, straight. Mr. Lebus also paid \$30 per hundred to H. H. Pointexter for 6,000 pounds and Mark Fryman \$32.50 per hundred pounds.

The Independent Tobacco Warehouse will also have their opening sales on the morning of Dec. 4, the same day set for the opening of the Bourbon Tobacco Warehouse. The management has agreed to donate one-quarter of the proceeds of the first day's sales to the local Chapter of the Red Cross, one-quarter to the Bourbon County Health and Welfare League, and one-half to the "Boys-in-France - Tobacco Fund." They will also sell without commission all tobacco donated for the above causes. The growers can donate as much as they desire—one, two or three sticks of the weed—and it will be sold to the best advantage. Read the Independent Warehouse Co.'s big display ad in this issue.

Under the head of "Tobacco Coming Here From Other Counties," the Mt. Sterling Sentinel-Democrat says:

"A firm of local buyers reported to a representative of this paper the purchase by them this week of more than 100,000 pounds of tobacco in Bourbon county that otherwise would have gone on sale at the Paris houses."

Tobacco stripping began last week in many sections of Bourbon county and growers whose crops were housed early are making efforts to get the weed ready for the Paris market before the rush for labor begins. A local tobacco man says it might be well for THE NEWS to repeat the caution about bulking the tobacco in too large piles and letting it get hot.

HOMEWARD BOUND.

Dispatches to the Kentucky daily papers of Saturday, carried the following item of interest to many Bourbon county people:

"Easton, Saskatchewan, Canada, Nov. 17.—Eight young Kentuckians, including W. C. Thomas, of Lexington, Henry Stewart, of Cynthiana, and M. W. Kiser, W. O. Kiser, A. R. Johnson, Samuel Bramel, Nimrod Crump and Henry Connelly, all of Paris, are returning south from this section where they have been employed on the western flax ranch of E. F. Spears & Sons, of Paris. R. L. Whaley, Mr. and Mrs. Riley Dotson and H. C. Kiser, managers of the ranch, all of Paris, are expected to leave soon for a visit to Kentucky."

IN NEW POSITION.

Mr. W. R. Clinkenbeard, who succeeded Mr. J. Kiser Smith as ticket agent for the Louisville & Nashville road at Paris, resigned that place last week to accept a position as city ticket agent for the Southern Railway Company, in Lexington. Mr. Clinkenbeard succeeds Mr. W. I. Griffin, who has been transferred to the Nicholasville office.

Mr. Clinkenbeard was "checked out" of the Paris office of the L. & N., and "checked in" at the Lexington office last Thursday, when he took charge. Mr. Clinkenbeard recently married Miss Hadden, a handsome and attractive young Winchester girl who made many friends during her short residence in Paris.

CONVICTED ON ONE CHARGE. ACQUITTED ON ANOTHER.

In the Federal Court, at Richmond, last week George Vickers, who was arrested on a charge of impersonating a United States soldier, was sentenced to ten days imprisonment. Vickers was acquitted on the charge of being a "German spy."

Race For Air Supremacy.

The report that Germany is running her factories to their utmost limit and putting forth almost superhuman efforts to increase the number of her aeroplanes so as to counterbalance the aviation superiority which America's contribution would otherwise bring next spring, is strong evidence of two things. First, the fiction circulated among the German people to the effect that America will prove a negligible factor in the war gets no credence in official Germany; and, second, sanguine Americans who believe and assert that our aerial supremacy will bring a sudden end to the war may be over-optimistic.

Apparently it is to be a race between the United States and Germany, and while our resources unquestionably are superior to those of our enemy, that advantage is offset to some extent by Germany's proximity to the theatre of war, while our aeroplane fleet must be transported overseas more than 3,000 miles before it will become effective. Germany has the further advantage also of three years' experience with the aeroplane in war. Of course we are confident that the American air fleet will prove superior to anything that Germany can produce to meet it. Just the same, we believe with Secretary Baker that "this war will end when we win it," and that nothing is to be gained by over-confidence as to the time that it is going to take to win it.

Night Prowling.

There is no doubt but that a large per cent. of the degradation, disgrace, ruin and crime among the young springs from the habit of night prowling, corner loafing and kindred acts of both sexes in city, town and hamlet all over this broad country. Any person who keeps his or her eyes open knows this. Hundreds of boys and girls out at night and we all know that many influences for evil and none for good surround them continually. A curfew restriction may be derided as old fashioned and Puritanical, but the fact remains that there is vastly less night prowling in towns that have a curfew ordinance and enforce it.

New War Work.

Trench torches, or ration heaters, are being made by patriotic girls all over the United States. These torches are made out of rolled news-

HEALTH IS AS GOOD NOW AS EVER BEFORE

Kentucky Woman Comes Out Strong For Tanlac and Describes Benefits.

"I have taken four bottles of Tanlac and I feel as well now as I ever did in my life," said Mrs. James Snell, 1048 Barrett avenue, Louisville, Ky.

"My system was run down all over before I took Tanlac. I felt so tired and weak that I just hated to move. I was nervous, too, and couldn't sleep right. I'd seem to be sleepy at night, but when I went to bed I'd be wide awake and it would be three or four hours before I could get to sleep.

"My appetite was poor, also, and nothing I ate tasted right.

"I had been told that Tanlac was a fine medicine and so I finally tried it. I took four bottles in all and it's a fact that my health is as good now as it ever was in my life. I have a fine appetite now and I've improved in every way.

"Tanalac is the best medicine I ever tried and I recommend it."

When a Kentuckian recommends Tanlac you know it is all right. Tanlac doesn't ask you to take the word of a man from Maine or a woman from California for its merit. Tanlac testimonials used in Kentucky are from Kentucky people, so you know Tanlac is just the thing for you if you are feeling weak and run down. You can get Tanlac at G. S. Varden & Son's. (adv)

papers glued, cut in four-inch lengths and boiled in candle grease. They will burn stuck in the ground anywhere and have a slow flame which lasts from forty minutes to an hour.

Although unknown to American women until recently, the European women and children have been turning out these torches in great numbers. It is said that the Italian women and children make 1,500,000 such torches daily.

The heaters will keep a soldier's fingers warm in the trenches so that he can shoot, and his rations hot so that he will have fighting energy. They are light to carry, and will be of great use in the coming winter campaign.

It is thrilling to the girls to think that the little torches in their hands will probably be lit in the trenches in Europe to warm American frost bitten fingers or to heat the rations for a boy from home.

To Save An Editor.

Here is a minister who appreciates the editor. At a recent editorial convention he offered the following toast: "To save an editor from starvation, take his paper and pay for it promptly. To save him from bankruptcy, advertise in his paper liberally. To save him from despair, send him every item of news of which you can get hold. To save him from profanity, write your correspondence plainly on one side of the sheet and send it in as early as possible. To save him from mistakes, bury him. Dead people are the only ones who never make mistakes."

HELPFUL WORDS FROM A PARIS CITIZEN.

Is your back lame and painful? Does it ache especially after exertion?

Is there a soreness in the kidney region?

These symptoms suggest weak kidneys.

If so, there is danger in delay. Weak kidneys get weaker fast. Give your trouble prompt attention.

Doan's Kidney Pills are for weak kidneys.

Your neighbors use and recommend them.

Read this Paris testimony.

Mrs. A. L. Burley, 329 Eighth street, Paris, says: "I have used Doan's Kidney Pills a few times, getting them from the Ardery Drug Co. and from the benefit I have received, I certainly think they are a good, reliable remedy. Whenever my kidneys have been irregular in action or my back has been weak and lame, I have used a box or so of Doan's Kidney Pills. They have always relieved me of the complaint."

Price 60c, at all dealers. Don't simply ask for a kidney remedy—get Doan's Kidney Pills—the same that Mrs. Burley had. Foster-Milburn Co., Props., Buffalo, N. Y. (adv)

MRS. P. O. STUCHELL TELLS HOW SHE CURED HER SON OF A COLD.

"When my son Ellis was sick with a cold last winter I gave him Chamberlain's Cough Remedy. It helped him at once and quickly broke up his cold," writes Mrs. P. O. Stuchell, Homer City, Pa. This remedy has been in use for many years. Its good qualities have been fully proven by many thousands of people. It is pleasant and safe to take.

—Mr. and Mrs. Charles K. Posner were guests Monday of Mr. Posner's parents, Mr. and Mrs. A. L. Posner, in Cincinnati.

NOVEMBER "EVERYSTUDENT"

The November number of "Everystudent," the P. H. S. monthly publication, is off the press at THE BOURBON NEWS job rooms. This number, like all the others, is full of good things, the product of the students, many of whom have shown remarkable literary talent.

The number includes, besides the regular contribution of chapel notes, personals and editorials, a splendidly written feature, entitled "Bess Burglar," by Miss Lottie Crowe, which shows the writer to be possessed of a remarkable talent for short story writing. Other articles of merit are "Holmes' View of Slang," "Wise and Otherwise," editorial contribution by the staff on "Bourbon County's Part in the Liberty Loan," and "The Fate of P. H. S. Football Team," poems "To the Soldier Boy," by Miss Edna Snapp, "Autumn," by Miss Anne Talbot, and "His Farewell," by Miss Mabel Templin; "Life," a prose poem made up of rhyming lines selected from well-known writers; "Beauty Hints," a new department conducted by Miss Elizabeth Clark and Mr. Charles Kenney, which is full of humorous hits at P. H. S. personages; "The Haunted Castle of Badgerston," another short story by Miss Margaret Lavin, evidencing careful preparation and execution in word-painting, and a short but well-conceived dissertation upon woman's ever-present thought and man's greatest despair, "Fashion," by Miss Favola Dundon.

From the first page to the last page, the November "Everystudent" is a most creditable production, both in a mechanical and literary sense.

FOR A WEAK STOMACH.

As a general rule all you need to do is to adopt a diet suited to your age and occupation and to keep your bowels regular. When you feel that you have eaten too much and when constipated, take one of Chamberlain's Tablets.

THE Beautiful - Gulf - Coast!

Biloxi and Ocean Springs, Mississippi.

If you would revel among the most beautiful of shade trees, the monarchs of the South, the live oaks, go to Ocean Springs, Mississippi. Drink from its mineral springs and enjoy the ozone from the stretch of shell road along the sound.

Live simply among its plain but hospitable small hotels or private boarding houses; you will never forget the view of the Gulf you have had, or the rejuvenating atmosphere that you have enjoyed during your stay.

Biloxi might be called the Riviera of the Gulf Coast. It was settled by Iberville in 1699. It was part of the Louisiana possessions and was the first colony planted by the French in the South.

Yes, it is true that you will find there the old civilization and the new. Truly we may also say that it is one of the most restful and charming resorts on the North American continent.

We have found it most delightful just following the Christmas holidays in mid-winter; but it is also most agreeable in the summer-time, as the breezes from the Gulf of Mexico fan the shore at some time each day.

Many legends have been centered at Biloxi, which doubtless had their origin from the time of the Indian to later civilization. A grand old oak, with gnarled and twisted branches and hanging moss, stands in the churchyard of the picturesque Church of the Redeemer—it has been the basis of many a legend and verse.

How beautiful are those homes along the beach where nature has been undisturbed. Beyond the narrow streets of Old Biloxi one can skirt again the shell road, pass the "home for guests" and the light-house, and be a welcome guest also at one or more of the beautiful private villas lined along the shell road. Several of these have their own private piers with boat-house or bathing-house at the end of the pier, way out on the water. Boating, bathing and fishing are recreations that be-

long to the out-of-door life in Biloxi nearly all the year round.

Biloxi is not wholly dependent upon tourists. It has an all-the-year-round population. A Tourist Club is sustained during the winter months from a colony largely of Middle States, Northern people who center there yearly from mid-winter to early spring. Never has the writer seen more glorious sunsets or more beautiful moonlights. What more fascinating than the silvery sheen in the wake of a white sailboat as she silently glides along. Her hold may be filled with oysters which she may be carrying to be unloaded at some oyster house a mile or so around the bend of the bay; or it may be that with Shrimp from deeper waters she is laden. If you happen to be there next morning, where the boat is being unloaded you will find it a process worth seeing. Inside of a long building all is activity—men, women and children are employed by the hundreds in opening the oyster shells. The oysters are first dropped into tubs of water and the last process is when they are placed in cases which are sealed and neatly labeled and then are ready for the market.

There are homes for the workers and their families who live near the plants or oyster factories. There is also a settlement house not far away with beautiful trees about it, with kindergarten and playgrounds for the children, who are thus cared for while their mothers are at work at the oyster houses. The season is short and consequently the earnings are for only a short time of the year. Again and again from the cold rigid winters of the north we shall seek the shore of beautiful Biloxi and perhaps now and then for a respite in the summer, too.

So when you made up your route for trips South henceforth, we advise you by all means to include Biloxi or Ocean Springs.—Carlyle Porter.

These are two of the popular and attractive resorts on the beautiful Gulf Coast and reached by the modern steel passenger trains of the

Simon's Great Cash Raising Sale!

OUR ENTIRE STOCK TO CHOOSE FROM!

HAVING purchased a business in Lexington, I find it takes more cash than I had anticipated, therefore I have decided to turn a certain amount of the stock of our Paris store into cash. It is only after you've thought for a minute, and realize the enormity of the stock of goods to be turned into cash at once, that the full force of this great merchandising event becomes apparent. It is not merely a November or Clearance Sale, not merely the selling off of odds and ends, but—

The absolute necessity of turning the desired amount of goods into cash, notwithstanding the great loss it entails to us to do so!

Then, too, when the high class of the goods is considered, is it to be wondered at that we have prepared for the greatest sale of any kind, at any time, for any reason whatever?

Sale Begins Thursday, Nov. 22d

NEWS OF WOMEN'S WORK INTERESTING TO CLUB WOMEN.

The Missionary Society of the Presbyterian church met Monday at 2:30 with Mrs. Newton Mitchell. The following program was rendered:

Devotional Exercises—Mrs. W. B. Griffith.
"Presbyterian Missions to the Indians of the U. S." Mrs. W. G. McClintock.
"David Brainerd,"—a sketch—Mrs. John Lair.
"From Wigwam to Pulpit"—Mrs. Chas. Whaley.
"Native Melodies"—Mrs. Fithian.

Saturday at 3 o'clock a Board meeting, consisting of representatives from every woman's organization in the city was held at the Red Cross rooms. Much enthusiasm was shown. Arrangements were made for sending from 500 to 1,000 Xmas packages to the soldier boys at the various camps. Every Bourbon county boy will be remembered and the remaining packages will be sent to Kentucky boys in general.

Red Cross headquarters were occupied every day during the past week by various organizations and excellent results obtained.

Friday the ladies of the Presbyterian church occupied the sewing room and also assisted with the surgical dressings.

The Daughters of the Confederacy met in their room at court house Saturday at 2:30. Business of importance was transacted and the Chapter arranged for Christmas packages for the soldiers.

A most successful sale of edibles was given by members of the Red Cross Society, Saturday, and \$105 realized. The proceeds will be used in the surgical dressing department.

The surgical dressing room will be occupied as usual Tuesday and Friday of this week.

RED CROSS MEETING.

In the absence of the chairman, Mrs. A. B. Hancock, who is visiting in New York, Mrs. Wm. G. McClintock presided at the meeting of the Bourbon County Chapter of the Red Cross Society, held in the Red Cross sewing rooms in the court house Saturday afternoon.

The principal purpose of the meeting, which was largely attended and a very enthusiastic one, was to formulate plans for sending Christmas gifts to the soldier boys, the first, and then the others. After discussion pro and con, it was agreed that five hundred would be sent. Representatives from the various organizations of the county were present. The president of each Chapter was appointed as Chairman to solicit articles for the packages, with instructions to report at the Red Cross room on or before Saturday, December 1.

WAR RECEIPTS

(By Isabel Gordon Curtis)

INDIAN GRIDDLE CAKES

- 1 cup Indian meal
- 1 cup flour
- 2 eggs
- 1 teaspoon butter
- 1/4 teaspoon salt
- 2 level, teaspoons baking powder
- Milk.

Put Indian meal into a mixing bowl and pour over it enough scalding milk to make a thick mush. When it cools, add the flour and enough cold milk to make a thick batter, add the eggs, well beaten, the butter, melted, the salt, and baking powder. Beat till full of bubbles, then bake on a hot griddle.

HOMINY GEMS

- 2 cups cold hominy
- 3 eggs
- 2 cups milk
- 1 teaspoon salt
- 1 tablespoon sugar
- 2 level teaspoons baking powder.
- 1 tablespoon melted butter.

Put the corn meal in a mixing bowl, pour over it the scalded milk, beat thoroughly, and when cool add the hominy. Stir in the eggs, whip to a froth, add salt, sugar, baking powder, and butter, beat hard, pour into greased gem pans, and bake in a hot oven. This recipe when thinned with more milk makes delicious griddle cakes.

EXAMINATION FOR STENOGRAPHERS.

Owing to the urgent demand and need for stenographers and typewriters in the civil service of the United States, an examination will be held in the Government Building at Paris, on December 14.

All competent persons are urged by Clerk Wm. Clarke, of the local office, who will have charge of the examination, to enter the test, as there will be little doubt but that all who obtain eligible ratings will receive immediate appointments. Salaries in this branch of the service run from \$900 to \$1,200 per year. Full particulars may be learned upon application to Mr. Clarke, at the Paris postoffice.

THE GOVERNMENT GOBBLES UP RUBBER FOR ITS ARMIES.

Every manufacturer of rubber overshoes in the country met with an auxiliary committee of the Council of National Defense, and agreed to turn over to the government for the army the entire output of four-buckle "arctics" from now until January 5. This will mean a total of about 300,000 pairs. Orders for rubber hip boots had been previously placed.

MANY ENLISTED MEN DISCHARGED THROUGH ERROR

A man is not in the army for the period of the war and away from the influence of civil authorities after he is mustered into the service, it was revealed at Camp Zachary Taylor, where eight soldiers, most of them in camp since early in September, were returned to their homes through the efforts of local draft boards.

All of the men are Kentuckians, and most of them were released from duty through special appeals of their boards. The release of the men was obtained simply by the forwarding of "certificates of discharge" from these boards.

It was revealed that a majority of these discharges by the local boards or their members, especially in cases of physical examination. In one case which was not identified at division headquarters, a man was sent to Camp Zachary Taylor who was permanently injured in his left foot and passed as physically qualified.

It was learned later by the board that the cripple was sent to the camp by accident on the certificate of another man, and the latter will be sent in the next draft contingent, while the cripple will return home.

New styles in uniforms will appear shortly at camp. News has been received at division headquarters that all service overcoats are to be made to reach the knees instead of the ankles, and that padding will be taken from service uniform coats, and cotton, instead of silk, thread will be used in making all military clothes.

KENTUCKIANS AT FANCY BALL AT FT. BENJ. HARRISON.

The following is from a recent issue of The Indianapolis, Ind., Daily News:

"A true 'Kentucky ball' was given by the men of the 11th Infantry Company of Fort Benjamin Harrison at the Hotel Severin last evening. The orchestra was from Versailles, Ky., and the opening number for the party was 'Old Kentucky Home.' Capt. and Mrs. R. G. Sherrard were the chaperones and other special guests were Capt. Burton A. McGlachlin, Lieut. Glenn F. Blair and Lieut. Henri Haye, French instructor at the fort. Among the many guests who came from Kentucky for this affair were Miss Mildred Bolling, of Louisville, niece of Mrs. Woodrow Wilson; Miss Katherine Settle, Mrs. C. F. Ravenscraft, Miss Lucille Bell, and Miss Agnes Wellington, of Louisville; Miss Ruth Rouse, Miss Mary Van Doren, and Miss Addie Hutchinson, of Cincinnati; Mrs. P. A. Thompson, of Paris, and Misses Zella Rice and Elsie Buchanan, of Richmond."

COAL FAMINE AVERTED.

Paris coal dealers are now assured of an ample supply of coal for their customers, through action taken last week by Mayor John T. Hinton. As a result of the Mayor's work they are now receiving enough coal for immediate needs, with assurances of certainty in the future.

An official communication, under the seal of Paris, was prepared and sent by Mayor Hinton to the authorities at Frankfort and Louisville, and to the State Coal Producers Commission at Cincinnati and the National Fuel Administrator at Washington, advising them of the situation here. Accompanying this was a statement giving names of Paris coal dealers, the amount of coal necessary to supply the ordinary needs of Bourbon county people, and a great deal of other valuable information showing why there was necessity for immediate action in the matter.

VICTIM OF ACCIDENT.

John Buckner, an aged colored man, was taken to his home in Brentsville, Friday, suffering with a broken leg. Buckner was struck by an auto driven by a Nicholas county man and knocked down. He was given prompt medical attention.

SEVENTH DISTRICT REVENUE TAXATION COLLECTIONS.

Approximately \$1,280,000 more taxes will be collected from the Seventh Internal Revenue district annually as the result of the action of the State Tax Commission increasing the tax on whisky in bond \$9 a barrel, making the tax at present \$21 a barrel. The increased taxation is due to the advance in the price of whisky.

In this district last year 5,555,258 gallons of whisky were withdrawn from the warehouses.

The tax will not be paid through the county assessors' offices, but when whisky is withdrawn the distillers go to the sheriff of the county and certify to the amount taken out and pay tax accordingly.

ONE WHEATLESS MEAL EACH

Many who have signed the food pledge seem to have gotten a wrong impression in regard to what they are asked to do. The home card asks that in all private homes they have at least one wheatless meal every day.

Many have the impression that they are to have one wheatless day each week. This confusion has probably arisen from the fact that hotels, restaurants and boarding houses are asked to have a wheatless day. It is urged that the ladies become familiar with their home cards, and follow the prescribed rules.

BIRTHS.

—To the wife of Mr. Frank Johnson, residing near Little Rock, a son.

RELIGIOUS.

—Miss Katherine Taylor, daughter of Mr. and Mrs. Edward Taylor, of North Middletown, united with the Paris Christian church at the morning service Sunday, by confession.

—On account of the coal shortage, the five Protestant churches of Versailles, will hold union services during the coming winter. The first of these services was held Sunday night at the Baptist church. —At the Church of the Annunciation in this city Sunday morning the sum of approximately \$195 was raised in the Knights of Columbus campaign inaugurated several days ago in the State for the Army Y. M. C. A. war work.

—There will be a Home Missionary patriotic prayer service at the Methodist church Thursday afternoon at 2:30. This is a union service of the various missionary societies. All the women of the community are invited to be present.

—The Epworth League of the Paris Methodist church sent a fine black-fruit cake to each of its eight members in the United States army and navy. One cake sent by express to W. O. Pennington, in the navy "somewhere on the Atlantic" required \$1.80 express charges to reach its destination.

—Mrs. L. B. Purnell and daughter, Miss Rebecca Purnell, Mr. and Mrs. Hugh Brent and Mrs. White Varden were confirmed at St. Peter's Episcopal church, Sunday morning. The confirmation exercises were conducted by Bishop Lewis W. Burton, of the Lexington Diocese.

—Sunday, November 25, will be observed by the Christian Endeavorers of the State as "Kentucky Christian Endeavor Day," and an effort is being made to have all the members of the society in the State in attendance on some Christian Endeavor service during the day. Special programs will be carried out in the old societies and new societies will be organized where practicable.

B-4 FIRE Insure with W.O. HINTON & SON, AGTS

CLARK COUNTY BARN DESTROYED BY FIRE.

A large barn on the place of Will Gay, near Winchester, was destroyed by fire at an early hour Saturday morning, the blaze originating from an unknown cause. The barn contained about 50 tons of alfalfa hay, about 600 bushels of rye and some farming machinery, the loss amounting to more than \$4,000.

Fire, Wind and Lightning Insurance. Thomas, Woodford & Bryan.

FOURTEEN VIOLATORS OF GAME LAWS ARRESTED.

As a result of a still hunt made by Deputy State Game Warden Bush Bishop, of Paris, through Harrison, Grant, Owen and Pendleton counties last week, fourteen persons charged with violating the game laws, were placed under arrest.

One of the parties arrested in Grant county was, upon conviction secured by evidence presented by Warden Bishop fined \$22.50 and costs. The trials of other parties caught in the dragnet will be held this week.

MEN WANTED.

Harness and saddle and collar cutters, wax thread machine operators, harness makers. Men having experience in custom shop can soon learn our methods of cutting. Good wages and six months' work. NEW AUTO OWNERS.

The following Bourbon county people have recently become owners of new machines, with "license applied for" applications filed in the office of Commissioner of Motor Vehicles Byars at Frankfort:

Emmett Dickson, Paris, Paige; J. H. Holt, Paris, Dodge; Elizabeth Reynolds, Paris, Maxwell; G. H. Howard, Paris, Maxwell; Ora Feeback, Paris, Hupmobile; E. D. Prebble, Paris, Ford; Raymond McIntyre, Paris, Ford; O. H. Rice, Paris, Ford; J. R. Blackburn, Paris, Ford.

"COLD CHECK" MAN MAKES CHECKS GOOD.

J. D. DeAtley, of Carlisle, who has been "wanted" by the Paris police on a charge of issuing bad checks, was arrested in Maysville by Patrolman Bloomfield, and held for the Paris authorities. DeAtley paid the amount of the checks and court costs and was released. He was also released on similar charges preferred by Maysville people by squaring up and handing over the money.

"A DRY CANDIDATE."

Under the above caption the Danville Messenger prints the following pertinent paragraph: "Hon. Claude Thomas, of Bourbon county, is the dry candidate for Speaker of the next House at Frankfort. Now let's see how 'dry' all our dry friends are going to be."

DOGS RAID SHEEP.

Sheep-killing curs made a raid last week on a flock of sheep belonging to Mr. Charles Doyle, on the Gergetown pike, killing 14, besides injuring several others. The injured animals were afterward destroyed.

"WITHIN THE LAW."

"Within the Law," the screen version of Bayard Veiller's sensational stage success, which was viewed by more than four million theatre goers in the United States and Canada, will open at the Alamo Theatre and the Paris Grand this afternoon and to-night.

As a legitimate stage production, "Within the Law" was a popular attraction and financial success that has made it a high-water mark all producers have been seeking to reach since Selwyn & Company demonstrated that more than two million dollars could be forced into theatre box offices through just one play.

"Within the Law" really is a portrayal of the life of Mary Turner, "the world's most famous department store girl," but before she was sent to prison and following her release. It is a wonderful story and a wonderful play, worthy of every dollar already paid into the box offices and worthy of the same amount again as the screen version by Greater Vitagraph will prove.

COST OF TYPEWRITING PAPER SIMPLIFIES LAW.

Excessive cost of typewriting paper is simplifying district court cases.

Inspection of the complaints and legal notices shows that Virginia attorneys have agreed to save paper. Legal notices now filed are single spaced instead of double spaced, which saves about half the paper formerly used. Also the attorneys are cutting out the superfluous clauses and exhaustive allegations. The "whys," "wherefores," and "what fores" are getting slashed and the complaints now are cut as short as legal procedure will allow.

"Typewriting paper is one-half a cent a sheet, that's why," explained Attorney S. S. Dahl.

Found.

On the streets of Paris, an official envelope containing some legal papers, bearing the name of Margaret Shepherd, bank checks on Millersburg Exchange Bank, postal cards, etc. Owner can have same by calling at THE NEWS office, proving property and paying for advertising.

THE WEATHER.

The weather forecast for week beginning Sunday, Nov. 18, as sent out by the Weather Bureau at Washington is as follows:

For Ohio Valley and Tennessee: Fair, although somewhat unsettled in Tennessee and lower Ohio Valley. Some slight probability of rain by end of week. No decided temperature changes.

MANGLED IN SHREDDER.

Wm. Grimes, colored, employed by Stuart & O'Brien, died in the hospital in Jeffersontown, Ky., last week as the result of an accident sustained while feeding a corn shredder. He became entangled in some way and was carried into the machine, both legs being cut off near the hips. The body was brought to Paris and interred in the Paris colored cemetery.

PARIS FIRM GETS JUDGMENT IN LINCOLN COURT.

In the Lincoln Circuit Court at Stanford last week E. F. Spears & Sons, of Paris, were given a judgment for \$500 and costs against J. T. Livingston, of that county, on a hemp contract.

Spears & Sons sued Mr. Livingston for \$600. The charge was made that Mr. Livingston contracted his hemp to Spears & Sons, and then sold it to another buyer. Livingston contended that the contract was a faulty one and that he did not feel bound to stand by it.

WARNING TO PUBLIC!

Owing to necessary repairs having to be made, the big tower bell on top of the Paris Fire Department will be out of commission for a day or two. In case of fire, use the nearest telephone and call No. 13, either phone, giving location of house, street and closest alarm box, if you happen to know the number. The fire department will respond at once.

The public is asked to govern itself according to these circumstances and each citizen is urged to use the telephone for calling the fire department.

U. D. C. MEETING.

Mrs. Thomas A. McDonald, recently elected president of the Richard H. Chapter, United Daughters of Confederacy, presided at the meeting of that organization, held in the Confederate room in the court house Saturday afternoon.

The meeting was a very interesting one in several ways. The request for donations of preserves, canned tomatoes, etc., for the veterans at the Confederate Home at Pewee Valley met with a generous response. A large number of contributions were received, all of which will be shipped to the Home this week. Mrs. H. H. Hancock, treasurer, presented a comprehensive report, showing the disposition of the funds coming into her hands, a good balance being in bank to the credit of the Chapter, which is in a flourishing financial condition. At the conclusion of the business meeting the members enjoyed a social hour.

SOCIAL AND PERSONAL.

Comings and Goings of Our People Here, There and Elsewhere.

ADDED ATTRACTION AT ALAMO AND THE GRAND.

As an added attraction for the Alamo Theatre and the Paris Grand, Manager Fred Erd has secured Frederick MacMurray, a noted violin virtuoso, who will play violin solos "between the pictures" at each performance.

Mr. MacMurray is an artistic violinist and composer, who has been before the public for many years, and whose genius has received the unqualified praise of the press and musical critics all over the country.

Mr. MacMurray will play solos at each performance—and there will be no increase in admission prices.

BOYLE COUNTY TOBACCO SELLS
FOR RECORD PRICE.

Messrs. Frank Tamme and sons, of Boyle county, who formerly resided on the Redmon pike, near Paris, sold their crop of tobacco last week to Mr. J. D. Baxter, of Mercer county, at the high price of thirty-five cents per pound. This is the highest price reported this season, in fact, it is the highest price received for an entire crop by any grower in many years.

The Danville Messenger says: "They cultivate only an acreage of tobacco each season that they can give all the attention needed, handle it carefully and always obtain top prices. Not only are Messrs. Tamme good farmers, they are good neighbors, good citizens, will go as far as any one to accommodate their friends and all who know them will be delighted to know they sold their tobacco for the record breaking price."

SALESMAN AT
LOUISVILLE IS
OUT FOR TANLAC

Dizziness This Kentuckian Had Is
Gone Since Tanlac Bet-
tered Health.

"I used to get so dizzy that the street or floor on which I'd be standing would seem to rock," said Noel Bagley, 119 Gray street, Louisville, a salesman for the C. F. Adams Company for the last two years.

"That was before I took Tanlac. My stomach was out of order and the dizziness would be more severe just after eating. I'd have a burning feeling in my stomach, too. Meat or any other kind of food that was greasy would just make my stomach burn like fire. Food disagreed with me so that I scarcely knew what to eat."

"I tried several medicines, but nothing helped me much until I took Tanlac. I certainly have improved since taking this medicine. It was not long until my stomach started getting better and now it's in fine shape. The dizziness I used to have is all gone, too."

If you are not feeling right, get Tanlac to-day. Tanlac has improved the health of thousands of weakened men and women, and it will do for you what it has done for others. You can get Tanlac at G. S. Var-den & Son's. (adv)

HEAVENS! JUST LISTEN HOW
THIS READS!

Cranberry sauce as a part of the Thanksgiving day dinner menu is frowned upon by members of the New York Food Conservation Commission who say the elimination of this time honored adjunct to the customary Thanksgiving spread would assist in solving the present sugar shortage problem. The large amount of sugar required to sweeten cranberries is urged by members of the commission as a reason for the elimination of the sauce from the list of Thanksgiving delicacies.

Just think, you Kentuckians in New York City, what a Thanksgiving dinner would be "back home" without cranberry sauce! Might as well try to eliminate the dinner itself. Might work in New York, but not "back home."

THE OLD VETERANS LIKE TWO-
MEALS-A-DAY.

According to a report from a committee of the U. D. C. appointed to investigate the two-meal-a-day program at the Confederate Veteran's Home, Pewee Valley, the veterans are well content with the change, are suffering no hardship and are improving in appearance. While only two meals are served, if the veterans get hungry they have access to bread and milk. The high cost of living made the change necessary; \$400 a month is saved by omitting one meal a day.

AN OLD MAN'S STOMACH.

As we grow older and less active, less and less food is required to meet the demands of our bodies. If too much is habitually taken, the stomach will rebel. When a man reaches the advanced age of 85 or 90, you will find that he is a light eater. Be as careful as you will, however, you will occasionally eat more than you should and will feel the need of Chamberlain's Tablets to correct the disorder. These tablets do not contain poison, but strengthen the stomach and enable it to perform its functions naturally. They also cause a gentle movement of the bowels. (nov-adv)

The poorest way in the world to get along is to neglect the little tasks you have to do because you know you're capable of doing the bigger things.

CERTAIN CURE FOR CROUP

Mrs. Rose Middleton, of Greenville, Ill., has had experience in the treatment of this disease. She says, "When my children were small my son had croup frequently. Chamberlain's Cough Remedy always broke up these attacks immediately, and I was never without it in the house. I have taken it myself for coughs and colds with good results." (nov-adv)

Means One Cent Rise in Stock!

Mr. Chas. Wilmoth, Vice President of the Company, accompanied by Mr. H. S. Joseph, a stockholder, has just returned. Read what Mr. Joseph has to say about our Erie, Kansas, field:

"For a steady producing field, I have never seen a more promising oil country than the Erie and Chanute, Kansas. While there early in November, a fine well came in across the road from your Cornwall lease at 499 feet and there is now no question of the productivity of not only this lease, but also your Phelps lease adjoining."

Higgins, on Seventh street, in Paris,
on December 12. Mrs. Higgins is a
niece of the bride-elect.

CHENAUT-THOMPSON.

—The Lexington correspondence
of the Sunday Courier-Journal has
the following interesting social
note regarding the approaching
marriage of two young society peo-
ple representing prominent families
in Bourbon and Fayette counties:"Probably the most-talked-of
event in Lexington society during
the past week has been the an-
nounced engagement of Miss Sarah
Chenault, youngest daughter of Mr.
and Mrs. Overton Chenault, to Mr.
James W. Thompson, of Bourbon
county. Both young people are
widely known throughout the Blue-
grass and in Eastern college circles,
and though they have been quite at-
tentive to each other for a long
time, the announcement came as a
surprise to most of their friends."Miss Chenault was educated in
New England and at a finishing
school in Washington, and Mr.
Thompson spent his college days at
the University of Virginia and Yale.

DEATHS.

CARRICK.

—The funeral of Mrs. Ellen Allen
Carrick, aged eighty-five, who died
Saturday night at the home of her
nephew, Mr. William Cantrill, near
Jacksonville, was held at the Can-
trill home yesterday afternoon, at
two o'clock, with services conducted
by Rev. T. C. Stackhouse, of Lex-
ington. The burial followed on the
family lot in the Jacksonville Cem-
etery.Mrs. Carrick was one of the pio-
neer residents of that section of the
county. Her death was due to the
infirmities of age. She is survived
by one brother, Mr. Everett Allen,
of Cynthiana, and several nephews,
most of whom reside in Bourbon
and Scott counties.The pall-bearers were Milton
Allen, Wright Allen, Yesta Allen,
James P. Ammerman, George Can-
trill and Edward Allen.

STOCK, CROP, ETC.

—Mr. John Marr, of near Millers-
burg, purchased of Mark Brannon,
of Nashville, Tenn., four yearling
mare mules, for \$800.—Mr. Louis Rogers, of Cane
Ridge, bought of John Brophy, one
hundred barrels of corn in the field,
at \$6.25 per barrel for immediate
removal by the purchaser.—Mr. Catesby Woodford, of near
Paris, has sold the fine bay colt,
Tantalizer, 2, by Dick Wells—Beth
Miller, to Mr. J. C. Milam, of Lex-
ington. The colt is a very promising
one, and will be developed by
Mr. Milam.—Mr. Henry Williams, of Buffalo,
Ill., purchased of Elmer B. Myers,
of near Paris, four extra good jacks
from two to seven years old at prices
ranging from \$750 to \$1,250.
The animal were shipped to Mr.
Williams' farm Tuesday.—For the first time in many a
day there was no racing last week
at any track in the United States.
The meeting at Pimlico, Md., closed
Wednesday and the Bowie, Md., rac-
ing did not start until Monday.
Usually there is racing at one, two
or three of the tracks in the United
States, Mexico or Canada at all
times of the year. Just how long
it has been since there was no race
meet in progress at any track in
North America would be difficult to
state.KENTUCKY TO GET VOC-
ATIONAL APPROPRIATIONFourteen States have been added
to the list qualified under the vo-
cational educational act to receive
federal funds for the salaries of
teachers and for teachers' training
activities. They are Nevada, West
Virginia, Georgia, New Jersey, Ken-
tucky, South Carolina, Tennessee,
Oklahoma, Delaware, Wisconsin,
Louisiana, New Mexico and Vir-
ginia. Plans submitted by each
State for the use of federal allot-
ments have been approved by the
board for vocational education.BUSINESS HUSTLING AT THE
PARIS POSTOFFICE.Despite the increase in postage,
the Paris postoffice is doing a big
business, and the extra stamps re-
quired has not caused any apprecia-
ble decrease in the volume of busi-
ness transacted at the office.On the other hand it would ap-
pear that the business has increased
very appreciably during the past
few days, not only in receipts, but
in the amount of mail handled
and worked.One of the officials said: "While
the receipts would naturally be in-
creased even if the volume of busi-
ness lessened, we were hardly ex-
pecting the new rates to prove so
popular that the volume of our busi-
ness would be increased also. But
that's just what has happened.
Both the financial and working
ends are much heavier than they
were a few days ago."The official said that although
conditions were in a turmoil for a
day or two after the new rates be-
came effective, the people have
now become accustomed to paying
three cents to mail a letter, and two
cents for a postal card, and are
taking care to see that the proper
postage is attached to each missive
before dropping it into the mail box.For the first few days after two
cent stamps "went out of style"
many important business letters
and personal communications werereturned to the senders because of
insufficient postage, and there is yet
an occasional lapse, but, on the
whole, the business public has be-
come used to the new order of
things.Plenty

Kodak in Camp

From reveille to taps, each hour will bring something
new into the life of every young soldier. New surround-
ings, new habits, new faces and new friendships will
make for him a new world—a world full of interest to him
to-day and a world upon which he will often dwell in
memory when peace has come again. And this new world
of his offers Kodak opportunities that will relieve the te-
dium of camp routine at the time, and will afterward
provide what will be to him and his friends the most in-
teresting of all books—his Kodak album.
The parting gift, a Kodak. Let us show you.
